Part II **Activities and Operational Information**

- 1** Provide a detailed narrative description of all the activities of the organization—past, present, and planned. **Do not merely refer to or repeat the language in the organizational document.** List each activity separately in the order of importance based on the relative time and other resources devoted to the activity. Indicate the percentage of time for each activity. Each description should include, as a minimum, the following: **(a)** a detailed description of the activity including its purpose and how each activity furthers your exempt purpose; **(b)** when the activity was or will be initiated; and **(c)** where and by whom the activity will be conducted.

The founder and president, Frank Peterson, has been working as a volunteer in Guatemala with a number of faith-based charities that organize groups of medical professionals to come to Guatemala to give free surgical care to rural poor.

In the process of this volunteer work, Mr. Peterson observed that many of the rural poor are prevented from receiving treatment because of the financial difficulties involved in getting to the surgical site provided by the hospital of Hermano Pedro in Antigua, Guatemala where the majority of all treatment provided by foreign volunteer surgeons is performed. The difficulties include triage in the villages to select those whose condition both matches the skills of the particular group of visiting doctors and is appropriate for treatment as determined by the guidelines set by the doctors. The patient, family support members, and community health worker must travel from often remote rural villages over poor roads in decrepit buses for as much as 20 hours to reach the clinic to begin processing.

While there is some free housing provided by charities and religious orders near the hospital, it is often full.

All of the target population is classed by UN and World Bank standards as being in

extreme poverty, defined as less than one US dollar per day of income. Consequently, the costs associated with the surgery are impossible for the target population.

One of the effects is that the target population is not well represented in the group that actually receives the surgical services,

The purpose of Partners in Health is to increase the ability of the extreme poor in Guatemala to utilize the services of the visiting foreign surgical teams. This goal will be accomplished by educating the NGO organizations already servicing the target population through field visits to explain the process, distribution of printed materials as guides, participatory exercises with real patients, and by an informative website. The website will provide information about the scheduled surgical teams to improve the coordination of all parties in the process through email linked to Partners in Health. Partners in Health will solicit funds from the teams through their organizers to cover costs of the extreme poor and act as a financial source of last resort if the efforts of the NGOs and solicitation of the teams does not cover process costs for the surgical candidates. Funds to cover these costs will be solicited as direct donations to Partners in Health.

All of this work will be performed by board members, officers and volunteers of Partners in Health. No one will be compensated for their efforts. It is entirely a volunteer organization.

- 2** What are or will be the organization's sources of financial support? List in order of size.

Donations from the general public.

- 3** Describe the organization's fundraising program, both actual and planned, and explain to what extent it has been put into effect. Include details of fundraising activities such as selective mailings, formation of fundraising committees, use of volunteers or professional fundraisers, etc. Attach representative copies of solicitations for financial support. All fundraising will be conducted by word of mouth to friends and family, and to those already engaged in providing medical services to the poor who are aware of the needs. No professional fund raising is planned.
